City of Chicago City Council
Legislative Reference Bureau

August 21, 2017

Dear Colleagues:

Attached is a summary of legislation introduced at the City Council meeting on July 26, 2017. This summary, prepared by the Legislative Reference Bureau, describes code amendments, ordinances of general application, ordinances authorizing various types of transactions, and non-ceremonial resolutions. We have incorporated two suggestions into the summary. It now includes hyperlinks to legislation and lists all sponsors of legislation, not just the chief sponsor. It is intended to provide useful details that may aid us in consideration of these items.

In addition to the attached summary, the Legislative Reference Bureau (LRB) performs a wide range of functions for members of the Chicago City Council, City Council Committees, and Aldermanic Staff. I encourage you to contact the LRB for the following needs:

- Assistance in drafting municipal legislation
- Exploring legislation in other jurisdictions pertinent to legislation in Chicago
- Legislative research, including identifying state legislation that may relate to a pending ordinance, compiling reports of findings of external interest groups, and locating former or existing laws in the Chicago Municipal Code
- Consulting and expertise in the Chicago Municipal Code, Chicago Agency guidelines and legal issues regarding public policy questions
- Aids understanding legislative and statutory research in the City of Chicago
- Writing and editing of ceremonial resolutions
- Answering questions about record retention and the Freedom of Information Act
- Overseeing the Aldermanic intern program and conducting trainings, briefings and seminars upon the request of Council members

Your comments and suggestions on how this summary or LRB services can be improved are always welcome and greatly appreciated.

Sincerely,

Margaret Laurino
